Dear Resident:

Re: Establishment of a Community Residential Facility for the Disabled at 14-16 Cole Drive, Armonk NY

At the Wednesday November 30th Town Board Meeting, Paradigm Treatment Centers LLC will be on the agenda to present their application to establish a community residential facility at 14-16 Cole Drive in accordance with Section 41.34 of the New York Mental Hygiene Law. Under the Mental Hygiene Law the Town Board must take an action within a 40 day time frame to accept, reject (only if other facilities providing the same service exist nearby) or provide an alternative similar to what is presented. The Town Board will make this determination at the Wednesday December 14th meeting.

The Executive Director, Jerri Anna Phenix, has offered tours of the facility to nearby neighbors. She asked that you please contact her directly at [\(914\) 372-6360](tel:9143726360) or jerri.anna@paradigmmalibu.com, and she'd be happy to discuss the organization and provide a tour.

Although the Town has no legal obligation to issue a notice to nearby property owners of this specific application, the Town felt that it was appropriate to advise you regardless. Additionally, Paradigm has provided the enclosed publication for your reference.
