---

The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on March 7, 2017.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- The Floor Area Calculations Worksheet and the backup information on plan A-5 do not match. The plan/worksheet shall be coordinated.
- The Health Department should review the adequacy of the existing septic system.
- The Building Department has issued a tree removal permit for 7 trees. Based upon a recent site visit, it appears that more than 7 Town-regulated trees may have been removed. The Building Department should investigate.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
