The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

-) Show existing and proposed topography. Demonstrate that the proposed trench drain can daylight as shown.
-) The plan shall illustrate and quantify the limits of disturbance. The plan shall note that disturbance limits shall be staked in the field prior to construction.
-) Provide construction details for all proposed improvements, including, but not limited to, driveway, drainage, walkways, erosion controls, etc.
-) Provide silt fence downgrade of all proposed disturbance.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
