The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on January 16, 2018.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- ) Show the location of the proposed gate on the Site Plan.
- ) Show the electric service connection for the proposed gate on the plan.
- ) It appears that disturbances are proposed within the locally-regulated 100 foot wetland buffer. An administrative wetland permit may be required. The applicant shall illustrate the local wetland boundary and regulated 100 foot buffer on the plan for verification by the Town Wetland Consultant. Notify the Town Engineer once the wetland boundary has been established in the field.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
