Zoning District:	R-2A Property Acreage: 2.02 Tax ID: 94.03-1-6
RPRC DECISION:	☐ Requires Planning Board Review ☐ Requires Architectural Review Board

The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on October 18, 2016.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- The site plan shall be revised to provide gross land coverage backup information.
- The site plan shall be revised to depict existing topography and proposed grading.
- The Westchester County Health Department will need to determine whether the modified second floor game room would be considered a bedroom and whether the existing septic system is adequate.
- The plan shall illustrate and quantify the limits of disturbance. The plan shall note that disturbance limits shall be staked in the field prior to construction.
- Show all required minimum yard setbacks on the plan.
- Include erosion control measures on the plan, including, but not limited to, temporary construction access, silt fence, inlet protection, tree protection, erosion control blankets, construction sequence, etc. Provide details.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
