The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on August 23, 2016.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- It appears that a new bedroom is proposed. The Building Department will need to determine whether to refer the plans to the Westchester County Health Department to determine the adequacy of the existing septic system.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
