The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on June 16, 2015.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- The applicant will require a rear yard variance from the Zoning Board of Appeals.
- The plan shall illustrate and quantify the limits of disturbance. The plan shall note that disturbance limits shall be staked in the field prior to construction.
- Include erosion and sediment controls. Provide details.
- Submission of gross land coverage backup exhibit to the satisfaction of the Building Department.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
