The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- Site plan shall be revised to eliminate the proposed walkway.
- All references to an addition shall be removed from the application forms.
- The submitted gross land coverage worksheet and gross floor area worksheets shall be revised to eliminate any references to a proposed addition.
- The approval is limited to the removal of the existing garage doors.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
