Re: **Sewer District No.2 Award of Sludge Hauling Bid**

Our current Sludge Hauling contract expires 12/31/17, to avoid a conflict with our sludge removal schedule and overall Treatment Plant operations we will need to have a new contract executed and in place by January 1, 2018. With this in mind, I have solicited bids for Sludge Hauling and disposal for the 2018 budget year, with our option to extend the contract for an additional year into 2019 at the same price. The bids were opened on Thursday, November 30th with the results illustrated in the table below:

Company/Bidder	Spectraserv, Inc.	Fred A. Cook	Russell Reid
Price per gallon	0.12¢	0.15¢	0.1899¢
Price per 6,000 gallon load	\$720.00	\$900.00	\$1,139.40

Of the three (3) bids received, the low bidder is Spectraserve, Inc. The low bidder in this instance is our current provider of this service, and as a result of this bid, we can lock in the price for the next two years, which is what we are currently paying.

Based upon the bid results I respectfully request that the Board do the following:

1. Award the bid to Spectraserv Inc.
2. Authorize the Supervisor to sign the agreements in order to have the contract in place by January 1st.

If you should have any questions or if additional information should be required please do not hesitate to call.
