ATTACHMENT TO NEGATIVE DECLARATION REASONS SUPPORTING DETERMINATION

The Planning Board cites the following reasons supporting this Negative Declaration:

The Proposed Action will not have a significant adverse environmental impact as a result of any physical change to the project site.

The Applicant is proposing the temporary stockpiling of fill material on the site. The Applicant will adequately mitigate impacts relating to the fill by securing a fill permit and by placing fill in the floodplain with the issuance of a floodplain permit. Two trees will be removed. The Planning Board has determined that the physical impacts are small in nature.

The Proposed Action will not have a significant adverse environmental impact on any CEA.

The Proposed Action will not have a significant adverse environmental impact on any unique or unusual land forms.

The Proposed Action will not have a significant adverse environmental impact on any water body designated as protected.

The Proposed Action will not have a significant adverse environmental impact on any non-protected existing or new body of water.

The Proposed Action will not have a significant adverse environmental impact on surface or groundwater quality or quantity.

Throughout the Town's review of the Proposed Action, efforts were made to guide the project in a manner designed to minimize impacts to the maximum extent practicable, this includes adequate erosion control.

The Proposed Action will not have a significant adverse environmental impact on or alter drainage flow or patterns, or surface water runoff.

The Planning Board has determined that the flood impacts are small in nature and that the flood impacts will be adequately mitigated via the floodplain development permit process.

In addition, the Applicant will be required to implement an erosion and sediment control plan during construction.

The Proposed Action will not have a significant adverse environmental impact on air quality.

The Proposed Action will not have a significant adverse environmental impact on any threatened or endangered species.

The Proposed Action will not have a significant adverse environmental impact on agricultural land resources.

The Proposed Action will not have a significant adverse environmental impact on aesthetic resources.

The Proposed Action will not have a significant adverse environmental impact on any site or structure of historic, prehistoric or paleontological importance.

The Proposed Action will not have a significant adverse environmental impact on the quantity or quality of existing or future open spaces or recreational opportunities.

The Proposed Action will not have a significant adverse environmental impact on the exceptional or unique characteristics of a Critical Environmental Area (CEA) established pursuant to 6NYCRR Part 617.14(g).

The Proposed Action will not have a significant adverse environmental impact on existing transportation systems.

The Proposed Action will not have a significant adverse environmental impact on the community's sources of fuel or energy supply.

The Proposed Action will not have a significant adverse environmental impact as a result of objectionable odors, noise or vibration.

The Proposed Action will not have a significant adverse environmental impact on the public health and safety.

The Proposed Action will not have a significant adverse environmental impact on the character of the existing community.

There is no public controversy related to the proposed project.
