Date: November 6, 2019

The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on November 6, 2019.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- It is strongly recommended that the fence type be revised to be a wood fence, or other natural weathering material, in an effort to provide a more aesthetic and environmentally friendly condition. If such a fence is not acceptable, please return to the RPRC to further discuss the currently proposed fence with the Committee.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.

Director of Planning
