Date: August 13, 2019

The above referenced application was reviewed by the Residential Project Review Committee (RPRC) on August 13, 2019.

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- The site plan shall be revised to depict all land coverage, including all gravel areas.
- The Applicant should investigate whether stairs from the deck to grade can be installed to the satisfaction of the Building Department.

At this time you may coordinate directly with the North Castle Building Department. DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.
