RPRC DETERMINATION LETTER

Project Description: Legalization of New Deck & Interior Changes
Street Location: 3 MIDDLE PATENT RD
Zoning District: R-2A Tax ID: 95.03-1-52 Application No.: 2020-2477
RPRC DECISION: RPRC - Requires Admin Wetlands Permit
Date: 03/03/2020

The above referenced application was reviewed by the Residential Project Review Committee (RPRC).

The Committee determined that Planning Board and Architectural Review Board approval of the proposed project is NOT REQUIRED.

However, the following issues will need to be addressed prior to the issuance of a building permit:

- The submitted gross land coverage and backup data do not agree. The backup plan and worksheet should agree and be coordinated. It is possible that the house footprint was counted twice on the worksheet.
- It appears that disturbances are proposed within the locally-regulated 100-foot wetland buffer. A local Wetland Permit may be required. The applicant shall illustrate the local wetland boundary and regulated 100-foot buffer on the plan for verification by the Town Wetland Consultant. Notify this office once the wetland boundary has been established in the field so that a determination regarding the need for a Wetland Permit can be made.

At this time you may coordinate directly with the North Castle Building Department. **DO NOT START CONSTRUCTION WITHOUT A VALID BUILDING DEPARTMENT PERMIT.**

If you would like to further discuss this matter, please do not hesitate to contact the Building Department.

Adam R. Kaufman, AICP
Director of Planning
