MEMORANDUM

To: Supervisor Schiliro, & Town Board Members

From: Sal Misiti

Date: January 6, 2016

Re: **Results of RFP for Purchase of Line Shaft Vertical Turbine Pump**

In mid-December, I prepared an RFP for the purchase of Line Shaft Vertical Turbine Pump which is a replacement for an existing pump located in Water District No.4 IBM North Well. The existing pump has been in operation since 2009. As I plan upon rehabilitating the North Well this winter this new pump should be installed once the job is completed.

The RFP proposal was made available to various suppliers and also published on our web site on December 10, 2015. The RFP was opened on Tuesday, January 5, 2016. Results of the submitted proposals are illustrated in the table below.

WD 4---Line Shaft Vertical Turbine Pump					
Supplier	SB Church	D & S Pump	Gayle Corp	G T Smith	G A Fleet
Proposed \$	\$15,490.00	\$17,124.00	\$18,628.00	\$20,015.00	\$23,580.00

Based upon the results, I recommend that the Board accept the proposal from SB Church in the amount of **\$15,490.00**. Funds for this expenditure are available in the WD4 2016 operating budget.

If you should have any questions or if additional information should be required please do not hesitate to contact me.
