MEMORANDUM

To: Supervisor Schiliro, & Town Board Members

From: Sal Misiti

Date: November 19, 2019

Cc: Kevin Hay, Town Administrator
Roland Baroni, Jr., Town Attorney

Re: **Sewer District No.2 –2020 Methanol Supply ~ Award of Bid**

The Treatment Plant Nitrogen filtration system requires a food source for the nitrogen removing bacteria, the source that is specified by the manufacturer is Methanol 20%. At current flows, and nitrogen removal requirements, I expect to use approximately 30,000 gallons of methanol next year, or six (6) deliveries. I had prepared bid specifications for the required product, the legal notice was published on October 21, 2019, and the bids were opened on Tuesday, November 19th. The results are illustrated in the table below:

Company	Slack Chemical Inc.	George S. Coyne Chemical Inc.
<i>Price per gallon Min-Max Pricing</i>	0.817¢-1.029¢	0.9944¢-1.0527¢
<i>Price per 5,000 gallon delivery Min-Max</i>	\$4,085-\$5,145	\$4,972-\$5,263.50

Due to market fluctuation, I bid the supply on a minimum/maximum price basis. Based upon the results of the bid, I hereby recommend that the board accept the low bidder and award the contract to Slack Chemical Co., Inc., and authorize the Supervisor to sign the agreement.

If you should have any questions or if additional information should be required please do not hesitate to call.
