TO: Water District No.2 ---Residents of Windmill

From: NORTH CASTLE WATER & SEWER DEPARTMENT

Due to exceptionally dry conditions, excessive irrigation, and topping of pools, it has become difficult to maintain adequate water levels in our Evergreen Row storage tank.

The following irrigation practices will be enforced for all irrigation. Homes with even numbered addresses should water on even numbered days, and homes with odd numbered addresses should water on odd numbered days.

§336-97 of the Town Code for Water District No. 2 enables the enforcement of this requirement.

These restrictions shall apply immediately. Your cooperation in this matter is appreciated!

**** Annually we provide a water report which includes an Important Water Conservation Notice with more information.**
