Re: **Water District No.4 Bedrock well drilling IBM Property-- bid opened 3/20/18**

I hereby respectfully request that the Board award the sole bid for the above referenced project provided by Torlish & Sons, and authorize the Supervisor to sign the contract documents. The bid is \$89,719.00, which would be the maximum amount should we need to pursue all three (3) of our hydrologist's designated well sites on the IBM property located at the intersection of Rt.22 & Old Rt.22. The price includes the installation and removal of approximately 2,000' of access road for the drilling equipment; however, we recently learned from IBM that they only require the first 100' to be removed, so this will lower the overall cost. We are hopeful to find water in our initial attempt.
